THE CAUSE OF HARMONY

Made President McGraw End a Discussion

ON THE COMING COMMENCEMENT

Mr. McClain Wanted Exercises on Two Nights, and Mr. Murphy, on Behalf of a Committee From the Class, Asked For One—Investigating an Arrest.

The gentlemen who were elected to the board of education last week did not attend the session last night, and in consequence that body was not reorganized.

Mr. Vodrey opened the meeting with prayer and a chapter from the Scriptures, and Mrs. Watson, Mr. McGraw, Mr. McClain, Mr. Murphy and Doctor Norris answered the roll. Mr. McClain, on behalf of the building committee, said the members had been so busy the past few weeks that a report had not been prepared, but it would be presented at the next session. Mr. Vodrey, for the committee on rules, moved that matter be laid over, and the motion carried. The late Miss Frances Glidden was remembered in the following resolutions, adopted unanimously and a copy ordered sent to her father and another spread upon the minutes:

"In the death of Miss Frances M. Glidden, who, in the first term of the present school year, was teacher of science in our high school, the advocates of advanced education lost a useful member. We regret that one so well prepared for a useful life should be stricken by the hand of death, but we bow in humble submission to the will of Him who doeth all things well, and none can question His wisdom. Miss Glidden was esteemed by all her pupils and acquaintances for her worth as an educator, a bright intellect, her lady-like deportment and amiable disposition. Great as is our loss, it is not to be compared to that sustained by her bereaved family. We offer our sympathy, and can but commend them to the Father who cares for His own."

A communication, signed by Rev. J. R. Green as president and Mrs. McKirt as secretary, declared that Miss Peters had passed the required examinations and her certificate would remain in force for a year. This was accepted without debate, and Mr. McClain moved the examiners be paid \$5 each, Professor Sanor \$2.50, and the examiners each \$2.50 a day for their services. There was no objection, nor was there to the motion of Mr. Vodrey which pays Doctor Norris \$200 for his services as clerk.

Bills were passed as follows: Eagle Hardware, 30 cents; A. Watson, \$7.15; Diamond Hardware, 68 cents; W. G. Johnson, \$12; Robert Moore, \$321.76; NEWS REVIEW \$10; A. Rattray, \$6.

Mr. McClain mentioned the arrest of John Perdune, a poor German, because he did not send his children to school. He had complied with the law before the arrest, and the member thought the fine should be returned, as the man was poor, and could ill afford to lose the money. The question was debated with lively interest, the matter of legality being uppermost. Mr. McClain believed he had understood that action was to be brought against Officer Beardmore for false arrest, and he wanted an explanation. The child was right in every respect, he said, and after Perdune had paid the required \$4.80 the speaker had urged the officer to return the costs. The argument lasted fully half an hour, and resulted in a committee to investigate. Mr. Vodrey called for the yeas and nays, and to vote stood four to three.

The report of finances, as published exclusively in the NEWS REVIEW some time ago, was read, and Mr. McGraw said that he had heard of a division in the graduating class. Some members desired two nights of commencement, and others would be content with one. There are 23 members in the class, and it will be impossible to have all heard in one evening. Mr. Murphy stated the scholars had voted on it yesterday, and 21 stood for one night, and one for two nights. Mr. McClain spoke at length for the double session, and Mr. Murphy said a committee of students had called upon him yesterday afternoon, and asked him to use his influence for one night. Mr. Vodrey stood with Mr. Murphy, and President McGraw in the interests of harmony decided the matter should be dropped for the present.

The result of the election was ordered filed, and Mr. McClain and Mr. Murphy were appointed to investigate the Perdune case, and report Monday evening. A special session will be held Monday evening when the new members will be seated.

Trouble in the Air.

There is some doubt as to whether the

Lutton-Coleman war is at an end. This morning Mr. Lutton stated that he would enter suit against Coleman for personal injury, as his shoulder is very sore. He also threatens to sue for slander.

TO OUR PATRONS.

Excuse Us While We Dare to Indulge In Smiles.

And while we indulge in jubilation and honest-hearted glee and good wishes to friends and enemies alike, in consequence of winning the warm commendation of our patrons in general, and business men and merchants in particular, by and through the medium of hustle and push, as represented by the magnificent issues of the NEWS REVIEW on Thursday and Friday, giving patrons splendid space for the enumeration of their bargains, and at the same time giving our readers from ten to twelve columns of spicy local news and happenings each day, we also return warm thanks to the level-headed business men who appreciate a good thing when it comes in their way, and who have made it possible for us, through their generous patronage, to issue such a daily paper in this hive of industry. The advertisements in the daily are beautiful, put up in a skillful and painstaking manner by artists in the art typographical. The NEWS REVIEW takes just pride in its entire force, from the editor to the "devil," and gives the boys full credit for turning the superb issue out on time, giving our readers this paper at even earlier than the usual hour, catching the trains going to Wellsville, Irondale, Lisbon and other points, and demonstrating that East Liverpool has a daily paper which keeps pace with the good times that are surely coming. Selah.

COMB THEM DOWN.

The Fellows Who Would Rule by Ruffianism.

A certain individual of this city, who will be named at the proper time, became engaged in a disreputable street brawl and was compelled to pay the penalty of an outraged law. The daily journals of the city gave an account of the matter, and the NEWS REVIEW dealt with the offender very leniently. After the appearance of the article in question, the brawler attacked a reporter of this paper and threatened to wipe up the earth with his mortal frame. He was told to proceed with the circus, but thought better of it, after a minute inspection of the physical qualities of the pencil shaver. If the belligerent individual will call at the NEWS REVIEW office, make settlement for long existing accounts, and then feels unduly hostile and filled with animosity, the manager will, with the most exquisite feelings of pleasure, accompany him to the back yard, take him over his knee and administer to him the spanking he so richly deserves. Selah.

MIFFLIN AGAINST MORMONS.

Board of Education Refused Them School-House Privileges.

The Mormons in this city will be interested in knowing that their friends, Elders Barlow and Larson, are treading a rocky road at New England, Pa. The school board of Mifflin township decided that as they had been using the school house for the purpose of holding meetings during the past few months they should take up their books and walk out. The janitor was censured for allowing the Mormons to hold meetings in the building.

WILL SAVE THE COAL.

But the Barges Are Only Worthless Wrecks.

The dredge taken to Holbert's run, where two barges of coal were beached a few days ago, is at work scooping out the coal from the wreck. Practically all the coal will be saved, but both boats are thought to be total wrecks, the end of one boat having been beached on the high river bank, while the other end is crushed down by the other barge. The loss will not be as heavy as was anticipated when first the news of the wreck was sent out.

SOME TALK

Of a New Road Over the Hill to Wellsville.

Commissioner McIntosh this morning stated that the commissioners were at a loss what to do with the Wellsville road, and had not viewed it since the recent slips. Some people talk of building a new road over the hill, and it would probably not cost as much as it would to repair the old one.

WILL TRY OTHER PLANS

Cook Street Property Owners Not Satisfied.

TWO GRADES ARE PROPOSED

The First Would Have Sadly Damaged Real Estate, and It Was Decided to Make Another Trial—An Amicable Agreement Is Probable.

Although a resolution has been passed to pave Cook street, from present appearances the work will not be done during the next day or two.

Yesterday afternoon Councilmen Peach, Marshall, Challis, Olnhausen and Stewart met at the Thompson house with W. W. Harker, Hal N. Harker, William Pike, Jacob Shenkle and C. C. Thompson, property owners on the street. Engineer George submitted a plan for grading. It was proposed to start at the east curb on Broadway, and have a uniform grade to the west side of College street. This would make a raise of three feet and 11 inches to the 100, and as the distance is 724 feet the total raise would be 22 feet and 9 inches. The fill would bring the street up to the lower edge of the Thompson house, but the property owners across the street would not fare so well. On the first frame house west of the alley the street would come just under the door sill, while at the east side of the Shenkle residence the street would raise two feet and 9 inches above the present curb line. This of course did not suit Mr. Shenkle, and he gave notice that he would sue for damages, while Mr. Pike said he did not propose to have his basement filled up without some recourse.

Everybody then went out to view the street, and the property owners held a conference while council talked it all over. After spending two hours measuring and figuring the engineer was instructed to submit another plan making two grades between Broadway and Walnut streets so that the fill would not go above the lower part of the range at the Shenkle property. East of Walnut street it was decided the plans as submitted were all right as the property owners in that part are well satisfied. Mr. Shenkle refused to relay his pavement if the grading was done, but said he would furnish the brick if somebody did the work. This is an objection easily overcome.

MEMORIAL SERVICES

Will Be Conducted By the Grand Army Tuesday Night.

Memorial services will be conducted by the Grand Army next Tuesday evening at the opera house. The Post and Sons of Veterans will meet at their hall at 7 o'clock, and the following program will be rendered at the Grand:

Prayer—Rev. O. S. Reed; "Tenting on the Old Camp Ground," Post; tribute to deceased comrades, W. H. Surles and Thomas Lloyd; address, Reverend Reed; reminiscences, A. H. McCoy, F. G. Croxall, John Hall, H. J. Abrams, Jethro Manley; "The Vacant Chair," N. A. Frederick, J. A. Myers, W. B. McCord, H. R. Hill, Alex McGraw; Address, Rev. J. C. Taggart, D. D.; benediction.

The roll of honor is James Azdell, A. M. Davidson, John M. Green, Jacob Green, D. T. Burchard, Samuel McNutt, Andrew Allabaugh, William Bryan, Henry Heckathorn, James Mear, R. F. Young, Jacob Bottenburg, Richard Thomas, James Leigh, J. J. Johnston, Past Commander W. H. Vodrey, George Morley, J. T. King, Sardine Eoff.

The effort of the post to erect a memorial chapel in Riverview is recalled by the services. It is an object most worthy, and deserves universal support.

A FEW CASES.

Mayor Gilbert Has a Few Offenders To Consider.

Thomas Strain and Frank Stevens were the only people in the city boarding house last night. They were brought there by Officer Earl yesterday afternoon. Strain was arrested on complaint made by Eren Coleman of the West End, who swore he slapped his boy.

Stevens was arrested for striking his mother. His brother made the charge. Charles Bender and Ike Camp were brought up this morning to the mayor's office to tell where they secured a certain door mat. After a lengthy debate it was decided to let them off.

A GOOD DESCRIPTION

Of the Fellow Known as Jack the Peeper.

Last evening a lady resident of Grant street came face to face with Jack the Peeper at the corner of Spring street. He began his usual work, and the lady

turned and went around by way of Lincoln avenue. He is described as five feet eight inches tall, heavy built, wears a long light overcoat, has light hair and a light mustache and wears a hat pulled down over his eyes. Should the fellow be caught he will undoubtedly get what he deserves.

BEAUTIFUL PICTURES.

An Entertainment Charming and Instructive.

A NEWS REVIEW representative dropped in at the First M. E. church last night, accompanied by two lady friends, and witnessed the exhibition of stereopticon views as portrayed by a master hand, backed by splendid views and a first-class instrument, while the word pictures of the same were all that could be desired. The reporter and his companions, after a two-hours' sitting, returned a verdict that the entertainment was indeed a charming one, and this verdict was apparently acquiesced in by every member of the nice audience present. The views of the Yosemite valley were simply superb, while the portrayal of the scenery and surroundings of Yellowstone park were intensely interesting. The holy land came in for a full share of commendation. Tonight will be given views of the Sunny South and of Cuba, and the house should be packed. The newsgatherer will be on hand, showing full appreciation, as he is sorry that he was not in attendance each evening during the week. The proceeds are for a worthy object, assisting the ladies of the foreign and home missionary societies, and the Dorcas society, in paying off a sum which they pledged themselves to raise, for the benefit of the church debt. Help the good cause, and at the same time enjoy a rich and rare treat.

ORDERED TO PHILADELPHIA.

Carey Is to Report In That Place Tuesday.

George Carey last evening received a letter from Manager Stallings, of the Philadelphia team, ordering him to report for practice next Tuesday. The letter also stated that if Carey had any particular team he would like to play with this season and could get them to buy his release Philadelphia would be willing to let him go for \$500. Carey at once wrote to Milwaukee, telling them of Stallings' offer. He believes they will accept it. The many friends of Toadix in the city would be glad to hear of his being signed by Milwaukee, as they would rather see him cover the initial bag for a minor league team than warm the bench in Philadelphia. There is no doubt that before many seasons roll around he will strike a batting streak, and then he will be numbered as the finest first baseman in the country.

NOT YET DEAD.

Is That Plan to Purchase the Furnace Plant.

Smith Fowler, who is interested in the proposed purchase of the Furnace Fire Clay company at Salineville, this morning said: "I have succeeded in interesting several parties in the deal, but we have not yet held a conference. The deal has not been declared off, and we are going out next week to view the property. We have discussed the subject of turning it into a pottery, and think the plan would be feasible. There is plenty of coal right at hand, and a switch is built to the plant."

APPRAISING PROPERTY.

Sheriff Gill Is In Town Placing Valuations.

Sheriff Gill is in the city today on business. Last evening the property of Harry Williams in Ravine street was appraised at \$900. J. R. Warner, George Peach and S. C. Williams acted as appraisers.

The sheriff yesterday appraised the jail at Salineville at \$550.

BOUGHT TOBACCO

Then Helped Himself When the Clerk Was Not Looking.

Officers are now looking for a boy who stole a lot of tobacco from the store of Bagley & Co., yesterday. He went in the store, bought a five-cent piece of plug, and when the clerk's back was turned stole a lot and ran out. It is understood he lives in a block nearby.

Calcutta Dust.

A boy about 17 years old, attracted a lot of attention while walking down Broadway yesterday. He looked as if he had been looking for work out Calcutta road and missed it. He was accompanied by a heavy grip and three pounds of Calcutta dust on his shoes.

Firemen to Meet.

The fourth meeting of the Fire Chiefs' Association of Ohio will be held in Toledo May 12. It is thought several members of the local company will attend.

PATROL TEAM TO WORK

They Can No Longer Rest During the Day.

STREETS WILL BE KEPT CLEAN

It Cannot Be Done Without Additional Expense Unless the Idle Horses Are Pressed Into Service—The Order Comes Operative Monday Morning.

Yesterday afternoon, while the view of Cook street was going on, a number of the councilmen were holding a conference on an entirely different subject in another part of the street.

It is proposed commencing Monday morning, to work the patrol team on the streets instead of allowing them to remain in the stable without exercise. By putting the team at work it is hoped the paved streets can be kept cleaner than ever as it is an impossibility for Commissioner Finley with only one team at his disposal to do justice to all parts of the city. By the plan it is also thought many dollars will be saved, as heretofore it was necessary to hire two teams at \$4 a day each, when the sprinkler and sweeper were out. One councilman thought it would be a good plan to do away with the patrol system altogether, but to this the others objected using the argument that the majority of the patrol runs were made in the evening and the team would then be on hand.

The plan will in no way interfere with the fire department, and will undoubtedly have the effect of causing the paved streets at all times to present a clean surface.

Another councilman is strongly in favor of flushing the streets. He holds that in all cities of this size between 11 and 12 o'clock at night the fire department are put to work flushing streets, and he thinks the same can be done here successfully.

BORROWING MONEY.

The Christian Church Applies to the Court.

LISSON, April 16.—[Special].—August Uhlig has filed suit to enjoin the Big Vein Coal company, of Salineville, from operating the shaft on land belonging to him. Seventeen years ago J. S. Williams gave the company the right to take all coal from under 277 acres, and they still have the right to mine under Uhlig's farm. He says he has been opposed to it, and when they began to use electricity he forbade them erecting poles and stretching wire.

The Christian church, of which C. C. Thompson, E. Crites, A. R. Gould, J. F. Quick and T. J. Thomas are trustees, asked the court for authority to borrow \$3,500 by mortgaging property about to be bought. It is the Bradshaw lot on Broadway, for which they are to pay \$9,500. In order to complete their contract by May 15, it is necessary to secure the money.

J. B. Camps sued Joseph Camps for \$3,751.50 due on notes. They live in Hanover.

Judge Boone adjudged Mrs. Anna Higgins, of Salineville, insane yesterday. She will be sent to Newburg.

W. B. Hill has filed a statement of debts and assets of the estate of Cordelia Denmore, of Liverpool. It is shown that \$1,856.23 will be required from the sale of real estate to pay the debts.

Marriage licenses were issued to J. D. Lester and Eva Getty, W. B. Nolf and Bertha B. Reed.

TWO CASES.

Squire Rose Continues to Do Some Business.

Squire Rose this morning issued a writ of restitution in the forcible detention case of Henry Chambers versus Mrs. John Brighouse.

Mrs. Reed this morning in the court of Squire Manley commenced a forcible detention action against Mr. Ladjinski. The case will be heard Tuesday.

Very Ill.

At 5 o'clock last evening Jeff Chel-driss, employed in the warehouse of Brunt's pottery, was taken suddenly ill, and before medical attention could be summoned, the man suffered from the effects of three hemorrhages. He was removed to his home in Calcutta road.

Harry Crowell May Die.

LISSON, April 17.—[Special].—Harry Crowell, son of Edward Crowell, was hurt at the Mt. Hope school house this afternoon. Contractors were moving the building when a lever slipped, striking the lad in the stomach. He may die.

An Infant Dead.

The infant child of Mr. and Mrs. John Hohlman died last evening. The remains were interred this afternoon.

This would make a raise of three feet and 11 inches to the 100, and as the distance is 734 feet the total raise would be 22 feet and 9 inches. The fill would bring the street up to the lower edge of the Thompson house, but the property owners across the street would not fare so well. On the first frame house west of the alley the street would come just under the door sill, while at the east side of the Shenkle residence the street would raise two feet and 9 inches above the present curb line. This of course did not suit Mr. Shenkle, and he gave notice that he would sue for damages, while Mr. Poke said he did not propose to have his basement filled up without some recourse.

Everybody then went out to view the street, and the property owners held a conference while council talked it all over. After spending two hours measuring and figuring the engineer was instructed to submit another plan making two grades between Broadway and Walnut streets so that the fill would not go above the lower part of the range at the Shenkle property. East of Walnut street it was decided the plans as submitted were all right as the property owners in that part are well satisfied. Mr. Shenkle refused to relay his pavement if the grading was done, but said he would furnish the brick if somebody did the work. This is an objection easily overcome.

MEMORIAL SERVICES

Will Be Conducted By the Grand Army Tuesday Night.

Memorial services will be conducted by the Grand Army next Tuesday evening at the opera house. The Post and Sons of Veterans will meet at their hall at 7 o'clock, and the following program will be rendered at the Grand:

Prayer—Rev. O. S. Reed; "Tenting on the Old Camp Ground," Post; tribute to deceased comrades, W. H. Surles and Thomas Lloyd; address, Reverend Reed; reminiscences, A. H. McCoy, E. G. Croxall, John Hall, H. J. Abrams, Jethro Manley; "The Vacant Chair," N. A. Frederick, J. A. Myers, W. B. McCord, H. R. Hill, Alex McGraw; Address, Rev. J. C. Taggart, D. D.; benediction.

The roll of honor is James Azdell, A. M. Davidson, John M. Green, Jacob Green, D. T. Burchard, Samuel McNutt, Andrew Allabaugh, William Bryan, Henry Heckathorn, James Mear, R. F. Young, Jacob Bottenburg, Richard Thomas, James Leigh, J. J. Johnston, Past Commander W. H. Vodrey, George Morley, J. T. King, Sardine Eoff.

The effort of the post to erect a memorial chapel in Riverview is recalled by the services. It is an object most worthy, and deserves universal support.

A FEW CASES.

Mayor Gilbert Has a Few Offenders To Consider.

Thomas Strain and Frank Stevens were the only people in the city boarding house last night. They were brought there by Officer Earl yesterday afternoon. Strain was arrested on complaint made by Eren Coleman of the West End, who swore he slapped his boy.

Stevens was arrested for striking his mother. His brother made the charge. Charles Bender and Ike Camp were brought up this morning to the mayor's office to tell where they secured a certain door mat. After a lengthy debate it was decided to let them off.

A GOOD DESCRIPTION

Of the Fellow Known as Jack the Peeper.

Last evening a lady resident of Grant street came face to face with Jack the Peeper at the corner of Spring street. He began his usual work, and the lady

turned and went around by way of Lincoln avenue. He is described as five feet eight inches tall, heavy built, wears a long light overcoat, has light hair and a light mustache and wears a hat pulled down over his eyes. Should the fellow be caught he will undoubtedly get what he deserves.

BEAUTIFUL PICTURES.

An Entertainment Charming and Instructive.

A NEWS REVIEW representative dropped in at the First M. E. church last night, accompanied by two lady friends, and witnessed the exhibition of stereopticon views as portrayed by a master hand, backed by splendid views and a first-class instrument, while the word pictures of the same were all that could be desired. The reporter and his companions, after a two-hours' sitting, returned a verdict that the entertainment was indeed a charming one, and this verdict was apparently acquiesced in by every member of the nice audience present. The views of the Yosemite valley were simply superb, while the portrayal of the scenery and surroundings of Yellowstone park were intensely interesting. The holy land came in for a full share of commendation. Tonight will be given views of the Sunny South and of Cuba, and the house should be packed. The newsgatherer will be on hand, showing full appreciation, as he is sorry that he was not in attendance each evening during the week. The proceeds are for a worthy object, assisting the ladies of the foreign and home missionary societies, and the Dorcas society, in paying off a sum which they pledged themselves to raise, for the benefit of the church debt. Help the good cause, and at the same time enjoy a rich and rare treat.

ORDERED TO PHILADELPHIA.

Carey Is to Report In That Place Tuesday.

George Carey last evening received a letter from Manager Stallings, of the Philadelphia team, ordering him to report for practice next Tuesday. The letter also stated that if Carey had any particular team he would like to play with this season and could get them to buy his release Philadelphia would be willing to let him go for \$500. Carey at once wrote to Milwaukee, telling them of Stallings' offer. He believes they will accept it. The many friends of Toadix in the city would be glad to hear of his being signed by Milwaukee, as they would rather see him cover the initial bag for a minor league team than warm the bench in Philadelphia. There is no doubt that before many seasons roll around he will strike a batting streak, and then he will be numbered as the finest first baseman in the country.

NOT YET DEAD.

Is That Plan to Purchase the Furnace Plant.

Smith Fowler, who is interested in the proposed purchase of the Furnace Fire Clay company at Salineville, this morning said: "I have succeeded in interesting several parties in the deal, but we have not yet held a conference. The deal has not been declared off, and we are going out next week to view the property. We have discussed the subject of turning it into a pottery, and think the plan would be feasible. There is plenty of coal right at hand, and a switch is built to the plant."

APPRAISING PROPERTY.

Sheriff Gill Is In Town Placing Valuations.

Sheriff Gill is in the city today on business. Last evening the property of Harry Williams in Ravine street was appraised at \$900. J. R. Warner, George Peach and S. C. Williams acted as appraisers. The sheriff yesterday appraised the jail at Salineville at \$850.

BOUGHT TOBACCO

Then Helped Himself When the Clerk Was Not Looking.

Officers are now looking for a boy who stole a lot of tobacco from the store of Bagley & Co., yesterday. He went in the store, bought a five cent piece of plug, and when the clerk's back was turned stole a lot and ran out. It is understood he lives in a block nearby.

Calcutta Dust.

A boy about 17 years old, attracted a lot of attention while walking down Broadway yesterday. He looked as if he had been looking for work out Calcutta road and missed it. He was accompanied by a heavy grip and three pounds of Calcutta dust on his shoes.

Firemen to Meet.

The fourth meeting of the Fire Chiefs' Association of Ohio will be held in Toledo May 12. It is thought several members of the local company will attend.

PATROL TEAM TO WORK

They Can No Longer Rest During the Day.

STREETS WILL BE KEPT CLEAN

It Cannot be Done Without Additional Expense Unless the Idle Horses Are Pressed Into Service—The Order Becomes Operative Monday Morning.

Yesterday afternoon, while the viewing of Cook street was going on, a number of the councilmen were holding a conference on an entirely different subject in another part of the street.

It is proposed commencing Monday morning, to work the patrol team on the streets instead of allowing them to remain in the stable without exercise. By putting the team at work it is hoped the paved streets can be kept cleaner than ever as it is an impossibility for Commissioner Finley with only one team at his disposal to do justice to all parts of the city. By the plan it is also thought many dollars will be saved, as heretofore it was necessary to hire two teams at \$4 a day each, when the sprinkler and sweeper were out. One councilman thought it would be a good plan to do away with the patrol system altogether, but to this the others objected using the argument that the majority of the patrol runs were made in the evening and the team would then be on hand.

The plan will in no way interfere with the fire department, and will undoubtedly have the effect of causing the paved streets at all times to present a clean surface.

Another councilman is strongly in favor of flushing the streets. He holds that in all cities of this size between 11 and 12 o'clock at night the fire department are put to work flushing streets, and he thinks the same can be done here successfully.

BORROWING MONEY.

The Christian Church Applies to the Court.

LISSON, April 16.—[Special.]—August Uhlig has filed suit to enjoin the Big Vein Coal company, of Salineville, from operating the shaft on land belonging to him. Seventeen years ago J. S. Williams gave the company the right to take all coal from under 277 acres, and they still have the right to mine under Uhlig's farm. He says he has been opposed to it, and when they began to use electricity he forbade them erecting poles and stretching wire.

The Christian church, of which C. C. Thompson, E. Crites, A. R. Gould, J. F. Quick and T. J. Thomas are trustees, asked the court for authority to borrow \$3,500 by mortgaging property about to be bought. It is the Bradshaw lot on Broadway, for which they are to pay \$9,500. In order to complete their contract by May 15, it is necessary to secure the money.

J. B. Camps sued Joseph Camps for \$3,751.50 due on notes. They live in Hanover.

Judge Boone adjudged Mrs. Anna Higgins, of Salineville, insane yesterday. She will be sent to Newburg.

W. B. Hill has filed a statement of debts and assets of the estate of Cordelia Densmore, of Liverpool. It is shown that \$1,856.23 will be required from the sale of real estate to pay the debts.

Marriage licenses were issued to J. D. Lester and Eva Getty, W. B. Nolf and Bertha B. Reed.

TWO CASES.

Squire Rose Continues to Do Some Business.

Squire Rose this morning issued a writ of restitution in the forcible detention case of Henry Chambers versus Mrs. John Brighouse.

Mrs. Reed this morning in the court of Squire Manley commenced a forcible detention action against Mr. Ladjinski. The case will be heard Tuesday.

Very Ill.

At 5 o'clock last evening Jeff Cheldris, employed in the warehouse of Brant's pottery, was taken suddenly ill, and before medical attention could be summoned, the man suffered from the effects of three hemorrhages. He was removed to his home in Calcutta road.

Harry Crowell May Die.

LISSON, April 17.—[Special.]—Harry Crowell, son of Edward Crowell, was hurt at the Mt. Hope school house this afternoon. Contractors were moving the building when a lever slipped, striking the lad in the stomach. He may die.

An Infant Dead.

The infant child of Mr. and Mrs. John Holman died last evening. The remains were interred this afternoon.

EVERY old soldier in the state will re-

joice when he hears that oleomargarine

is to be used no longer in the Dayton

home.

THE New England chaps, who criticize

the tariff bill, belong to that class who

never find contentment on earth. They

know no such condition as satisfaction.

WHAT the Pittsburgh papers do not

know about Ohio politics in general and

the senatorial contest in particular makes

very good reading, if one is not particu-

lar about the facts.

It would be a very good idea for the

newspapers of this state to have an un-

derstanding with legislative candidates

as to their views on the libel law.

Every claim of justice demands that the

old monstrosity be revised.

If the attorney-general can crush the

insurance trust in Ohio he will have ac-

complished enough to deserve a place

among the public benefactors of the

state. In a quiet way that combina-

tion has been piling up a good many of

our people's dollars.

THEY take time by the forelock in

Toledo. A company has been organized

with a paid up capital of \$400,000 for

the purpose of making sugar if the tariff

bill becomes a law. What a sweet stew

those fellows would be in if congress

failed in its duty.

THAT New York politician who once

said he was a Democrat warns his party

regarding election because of the

spring elections. David does not talk a

great deal these days, but since he re-

turned from active life he has evidently

had some time for serious thought.

ALTGELD can't help it. He became so

accustomed to pardoning criminals

when he was governor of Illinois that it

seems impossible for him to get away

from the habit. His latest is an earnest

appeal for that Chicago man who stole

money as though it was of no more value

than dirt.

TO the present President McKinley

has been especially fortunate in his

selection of men for important places.

While it is true they have not had the

opportunity to show their worth in the

new places, they have been tried so

often in the past that there is small fear

of failure.

OVER in Europe the financiers are

already saying that the monetary com-

mission appointed by the president will

accomplish nothing. They waste time.

Their old game of cold water for every-

thing American has been played. We

are done with Democratic administra-

tions on this side of the water.

THE improvement in every branch of

trade has been so general during the

past few weeks that the approach of

prosperity is being universally

recognized. The people realize that the

hard times of four years cannot be dis-

placed in a day though a Republican

president is at the head of the govern-

ment.

DEMOCRATIC NONSENSE.

There has ever been a well founded

suspicion that many men who pose as

conscientious Democrats do not them-

selves believe the political rot they

dignify by the name of argument. Since

the advent of prosperity, through the

election and inauguration of President

McKinley, the suspicion has become al-

most a certainty, and right here in Colum-

bia county we have a very good

example. The Lisbon Patriot has for

years been screeching calamity. Not an

opportunity has ever been allowed to

pass when it was possible for the Patriot

to make some one dissatisfied and dis-

contented. It has ever attempted to show

its readers their poverty, and the nation

would go straight to the dogs, it said, if

Major McKinley was elected. Now it

is different. The Patriot has come out

of its hole long enough to look around.

It has seen signs of prosperity, and

wonder of wonders, gives the fact pub-

licity. The sense it displays now but

shows more plainly the foolishness it has

shown in the past.

DON'T BE MISLED.

The News Review is Away in the

Lead.

Business men and merchants have dis-

covered beyond peradventure, that the

NEWS REVIEW is by long odds the best

advertising medium in all this section

of country. Careful, conservative and

long-headed business men have made

full investigation as to returns from

advertising, and they pronounce the

NEWS REVIEW the medium par excel-

lence, in so far as this region is con-

cerned. The daily and weekly issues,

combined, circulate strongly in all the

towns and centers, and in the rural dis-

tricts as well, the population of which

deals in East Liverpool. The rates of

advertising are far more reasonable than

those of any live daily in this part of

Ohio.

The job department is supplied with

the finest outfit of any office in Colum-

bianna county, enabling us to turn out

fine work and all classes of bills, far

superior to any rival house in East Liver-

pool. In combination of newspaper ad-

vertising and job work, first advertising

in daily paper and then ordering bills

from the same matter, the rates of the

NEWS REVIEW are very reasonable, and

merchants and business men can save

sums of much needed money by

dealing with us. Look into the matter,

oh ye business men of this city and the

surrounding country, and you will find

that there is no trickery made use of in

this office. All is plain and above board.

Promises are kept and work turned out

when promised. Remember what we

say, as we say what we mean. COM-

BINED PRICES, newspaper advertising and

job work, when the job is turned out

from the same matter as set in the

newspaper, COMBINATION WORK, are far

lower than those of any rival union

printing establishment in this section.

Our presses have been running almost

night and day, and the amount of news-

paper advertising and job work we are

doing is simply wonderful. Good work,

reasonable prices and fair dealing tell

the story. Our prices for special orders

of bills, in large quantities, make envious

rivals tired, as our facilities for turning

out work exceed all local competitors.

We do not write private letters to mer-

chants, telling prices of competitors and

offering to do the same for a margin

less. Our announcements are open to the

public.

FRANCE AND THE TARIFF.

The Government Makes Impudent Threats

Regarding the Bill.

PARIS, April 17.—The Dingley tariff

bill has aroused considerable antagon-

ism in French mercantile circles, where

it is pointed out that the measure may

lead to a policy disastrous in its effects

on certain French industries.

Some representations of this nature

having already been made to members

of the French government your corre-

spondent sent to M. Hanotaux, the

French foreign minister, a number of

questions bearing on the tariff situation

and the relations of the two republics.

The French foreign office returned the

following written reply:

"The federal government at Wash-

ington will succeed without any doubt

in drawing closer the bonds which

unite France and the United States by

abstaining from overtaxing imported

French goods, such as sparkling and

still wines, brandies, silks, woolsens,

gloves, works of art, etc. To shut out

of the United States by quasi prohibi-

tive tariffs the product of French in-

dustry and art will evidently have a

COMBINED ON WOOL.

Western Senators Will De-

mand a Change.

OPPOSED TO DINGLEY SCHEDULE.

They Declare Many Loopholes For Evi-

tion and Fraud Exist in the Present

Bill and Must Be Closed—Some of

Their Amendments.

WASHINGTON, April 17.—Western

senators, after several conferences, have

reached an agreement to stand together

for important changes in the wool

schedule of the Dingley bill. The sena-

tors most prominently identified with

the movement are Messrs. Mantle, Car-

ter, Shoup, Warren and Burrows. They

have not only agreed upon a line of

amendments, but have decided to in-

sist on their inclusion in the bill. The

meetings held have also been attended

by many prominent woolgrowers.

The proposed amendments are di-

rected mainly to closing the many loop-

holes for evasion and fraud which wool

men allege abound in the Dingley bill

and were also found in the McKinley

law. An amendment was agreed upon

providing that an additional duty of 4

cents per pound shall be levied upon

skirted wools, as imported in 1890 and

prior to that time. The principle

change, however, to be proposed is upon

wool and camel's hair of the third-

class. The Dingley bill proposes an ad

valorem duty of 32 and 50 per cent

respectively upon wool of this class

valued under and over 13 cents per

pound. It is proposed how to strike

out the Dingley bill classes relating to

third-class wools and to insert instead

the following:

"On wools of the third-class and

camel's hair of the third-class the value

whereof shall be 8 cents or less per

pound in the general markets of the

United States, the duty shall be 5 cents

per pound, and on all wools and hair of

this class, the value whereof shall ex-

ceed 8 cents per pound in the general

markets of the United States, there

shall be an additional duty of one-half

of 1 cent per pound for each increase

of 1 cent per pound in the value

thereof."

It is claimed for this latter amend-

ment, which is the most important of

all the amendments proposed, that it

will largely prevent the fraud which

is alleged, were perpetrated under the

ad valorem duties of the McKinley

law, by reason of which, it is asserted,

hundreds of millions of pounds of wool

used in the manufacture of clothing

which properly belonged in the first

class were imported at third-class rates

on the representation that they were

to be used in the manufacture of car-

pet.

The clause in the proposed amend-

ment relating to third-class wools desig-

inating the general markets of the

United States as fixing the value of

imported wools is regarded as very im-

portant, as if this amendment is ad-

mitted it will practically destroy the

opportunity for undervaluations, which

now exist through the practice of fixing

the prices of these imported wools in

foreign countries.

Other precautions will also be urged

to this end, such as defining the mean-

ing of classifications so as to prevent

restrictions such as have heretofore

been used. For instance, the words Angora,

African, Bagdad, etc., will be de-

fined as indicating a class of wool, re-

gardless of the special district in which

grown.

Senator Mantle, who introduced the

memorial of the National Woolgrowers'

association in the senate, says that the

amendments do not nearly cover the de-

mands made by the association, but, in

his opinion, will be a vast improvement

upon the bill as it passed the house of

representatives. It will remain with

FRANCE AND THE TARIFF.

The Government Makes Impudent Threats Regarding the Bill.

PARIS, April 17.—The Dingley tariff bill has aroused considerable antagonism in French mercantile circles, where it is pointed out that the measure may lead to a policy disastrous in its effects on certain French industries.

Some representations of this nature having already been made to members of the French government your correspondent sent to M. Hanotaux, the French foreign minister, a number of questions bearing on the tariff situation and the relations of the two republics. The French foreign office returned the following written reply:

"The federal government at Washington will succeed without any doubt in drawing closer the bonds which unite France and the United States by abstaining from overtaxing imported French goods, such as sparkling and still wines, brandies, silks, woolsens, gloves, works of art, etc. To shut out the United States by such prohibitive tariffs the product of French industry and art will evidently have a contrary effect."

It is to be hoped this will not eventually be done. At the present time there are no differences between the two great republics. They are bound together by too many memories and traditions for a veritable spirit of animosity to grow between them. The solution of small current questions, which give rise to negotiations between the two countries, is, however, sometimes rendered difficult by the argumentative spirit of the American state department."

The reply then complains of the action of two American consuls in publicly attacking the purity of French wines.

The question whether France would retaliate in case the tariff on French goods should be very much raised was evaded.

In reply to a question of arbitration it was stated that France would prefer to await the final action of the senate on the pending arbitration treaty with England and to see the result of the experiment, if any be made.

COMBINED ON WOOL.

Western Senators Will Demand a Change.

OPPOSED TO DINGLEY SCHEDULE.

They Declare Many Loopholes For Evasion and Fraud Exist in the Present Bill and Must Be Closed—Some of Their Amendments.

WASHINGTON, April 17.—Western senators, after several conferences, have reached an agreement to stand together for important changes in the wool schedule of the Dingley bill. The clause in the proposed amendment relating to the second-class wools designating the general markets of the United States as fixing the value of imported wools is regarded as very important, as if this amendment is admitted it will practically destroy the opportunity for undervaluations, which now exist through the practice of fixing the prices of these imported wools in foreign countries.

Other precautions will also be urged to this end, such as defining the meaning of classifications so as to prevent restrictions such as have heretofore been used. For instance, the words Angora, Adrianople, Bagdad, etc., will be defined as indicating a class of wool regardless of the special district in which grown.

Senator Mantle, who introduced the memorial of the National Woolgrowers' association in this capacity last year, says that the amendments do not nearly cover the demands made by the association, but, in his opinion, will be a vast improvement upon the bill as it passed the house of representatives. It will remain with the western senators, he says, to say whether or not the proposed amendments shall become a part of the new tariff law, or whether the demands of wool manufacturers, as applied to wool, shall outweigh those of the woolgrowers themselves.

TO INVESTIGATE SEAL LIFE.

The President Will Appoint Another Expert Commission.

WASHINGTON, April 17.—The president has decided to appoint another expert commission to act in conjunction with one already selected by Great Britain to visit Bering sea this summer and continue the study of the conditions surrounding seal life.

The British government has named the same commissioners it employed in this capacity last year, namely, Prof. Thompson and Gerald B. Hamilton. Our commissioners were Prof. Jordan of Stanford university and Prof. Stejneger and Lucas. Whether these same experts will be reappointed will be determined in the course of a few days. It is said that the results of last year's work of the experts was an agreement upon some points, but not upon all.

Among the unsolved questions is the determination of the best means of preserving seal life, conceding that it is in danger of its destruction, upon which point at least the experts seemed to agree. It is the purpose of the state department to endeavor to secure the consent of the British government to the adoption of a modus vivendi suspending all sealing on land and sea, while experts are at work during the approaching season, negotiations in this direction are now in progress.

Visitors to West Point.

WASHINGTON, April 17.—The president has appointed the board of visitors to the United States military academy as follows: George F. Evans, Portland, Me.; Colonel James E. Fleming, Newark, N. J.; Mr. L. W. Hall, Harrisburg, Pa.; Mr. W. H. Upson, Akron, O.; Colonel A. F. Winkler, New York; Mr. William B. Plunkett, Adams, Mass.; W. R. Smedburgh, San Francisco.

Spain to Withdraw Troops.

WASHINGTON, April 17.—According to information received from trustworthy sources here the withdrawal of at least a part of the great army that Spain has maintained for several years in the island of Cuba will begin when the rainy season sets in within a few days.

Safe Cracked in Kansas.

ELDON, Kan., April 17.—Crackmen have been open a safe at Latham and secured a large amount of money.

FRANCE MAKES A PROTEST.

A Proposed Senate Bill Would Prevent Landing a Cable.

WASHINGTON, April 17.—The French embassy here is actively assisting the French Telegraphic cable company in efforts it is making to lay a new cable from Brest, France, to Cape Cod, Mass., which shall take the place of the old cable laid 18 years ago. For this purpose the attention of senators has been called to the restrictions which a pending senate bill will place upon the French company, which prohibits the landing of new cables without the previous consent of congress. The cable has been partly laid and it is said that the care requisite in laying a cable makes it necessary to take advantage of the coming summer weather.

The French company has submitted a protest to the senate committee on commerce, and a strong intimation has been made to senators from official French sources that if the French company is denied entrance to this country then there will be strong probability of retaliation by the French government against the four American cable companies entering France.

The point is urged also that the cable line to France would be of important military and strategic importance to this country in the event of trouble between the United States and Great Britain.

WAR INEVITABLE.

Peaceful Solution Considered Almost Hopeless at the Greek Capital—Irrigulars Likely to Again Invade Turkish Territory to Force a Crisis.

LONDON, April 17.—The Larissa correspondent of The Times says today: "Every one here continues to declare that an outbreak of war is inevitable within the next two or three days, especially as it is now known that in high quarters at Athens a peaceful solution of the duty is regarded as almost hopeless. The authorities here are seriously counting the cost of embarking in such a struggle, but other influences are urging them on. Meanwhile it is perfectly certain that the irregulars, unless restrained, will again invade Macedonia in order to compel the porte to declare war."

The Athens correspondent of The Times says: "There is little doubt that the Athenians are fully awake to the great dangers of the situation. There is a pessimistic feeling in the air. If Greece now goes to war it will not be with a light heart. The desire for war is not abated. On the contrary, immediate hostilities are wished for; but it is only realized that the impending conflict will entail enormous sacrifices and possibly a crushing disaster. The Greek nation may be compared to a man who feels bound to fight a duel in order to save his reputation."

The Times' correspondent at Constantinople denies that there is any effective Turkish war party. He says that the sultan, the serra-kierat (minister of war) and some of the other ministers are strongly opposed to active hostilities with Greece.

A TRUCE AT FRANKFORT.

Only Formal Voting For Senator Today and Saturday.

FRANKFORT, Ky., April 17.—A truce in the senatorial battle has been declared till next Tuesday. The respective steering committees have signed agreements that today and Monday one vote shall be cast for each of the candidates.

Nearly half of the members have gone home or elsewhere to stay till Tuesday morning, and most of the remaining half went to Louisville on a special train the afternoon to attend the address of William Jennings Bryan at the Auditorium.

It is generally agreed that the Blackburn people are hoping for the indictment of Hunter on the idea that if indicted he cannot withdraw under a cloud and the cloud could not be lifted till the trial of the indictments, which would last the summer out.

The grand jury, which has kept three deputy sheriffs busy looking for and summoning witnesses for two weeks, is not yet through. The court adjourns this afternoon for the week and it is said that Judge Cantrell has notified the jury that a report must be forthcoming before this adjournment.

YIELDED TO TERRELL'S DEMAND.

The Plucky United States Minister Again Brings Turkey to Time.

WASHINGTON, April 17.—The United States legation at Constantinople has advised the state department that it has secured the release of Padaras, a naturalized American citizen, who has been under arrest at Mitylene since Feb. 8 on a charge of homicide.

When notified of the arrest, Minister Terrell demanded that the prisoner be turned over to him for trial, in compliance with the treaty stipulations which confer jurisdiction on the United States minister in cases in which his countrymen are concerned.

The Turkish government resisted, claiming that because the men had been naturalized since 1859, when the Turkish government had given notice that it would thereafter recognize no longer the right of a Turk to expatriate himself, his naturalization as an American was void. Mr. Terrell, however, sent his secretary of legation to Mitylene, with the result that the Turkish government surrendered Padaras.

ARKANSAS BOYS SUICIDED.

Were Mad Because Left at Home by Their Parents.

FAYETTEVILLE, Ark., April 17.—Two young sons of a Mr. Hesson, living at Greenland, five miles south of Fayetteville, aged 9 and 15 years, committed suicide while their parents were at Fayetteville trading.

The boys were angry because they were left at home and both took a bath, dressed in their best clothes, wrote notes to their parents, pinned them on the door, took strychnine and went to bed. Both died before their parents returned home. The note left bade the parents goodby and expressed the hope that they meet them in heaven.

St. Louis, April 17.—General Powell Clayton, the new minister to Mexico, is suffering from a severe cold, which threatens to develop into pneumonia.

TRADE IS BENEFITED.

Dun Says the European Im-broglio Effects Business.

WHEAT IS RISING IN RESPONSE.

Temporary Increase in Imports Has Had Little Effect Yet—Output of Pigiron Increases—Higher Quotations on Wool. The Business Failures.

NEW YORK, April 17.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says: An undeclared war between Greece and Turkey has been more responsible than any other single cause for the changes in business this week. Actual fighting with facts, which seem to make a formal declaration of war by Turkey inevitable, have affected grain markets much and stocks slightly. The progress of Mississippi floods does not change the price of cotton, and settlement of the more important labor difficulties has revived works suspended last week.

The temporary decrease in exports and large increase in imports at New York, 20.8 per cent for the month, caused questions about the financial future which have not much influenced as yet. The increase in imports, \$9,000,000, or over 15 per cent from last year, and \$17,100,000, or 28.9 per cent from February, in long continued but can hardly exhaust balances remaining from the unprecedented excess of merchandise exports, \$323,381,519 in nine months ending with March.

The wheat market, after its decline of 6 cents last week, was prepared to rise, with prospects of European war and increased purchases for export, and has risen 4.37 cents since Friday of last week. Exports for the week are very small, and for two weeks but little greater than last year, while corn exports continue over three times last year's and for two weeks amount to 6,032,015 bushels, against 1,963,193 last year, the price advancing less than 1 cent. Western receipts of wheat are larger for the week and for two weeks as large as last year, and the government reports indicates a considerable larger yield than that of 1896, which has sufficed to meet an extraordinary demand.

The output of pigiron increases, though 15 furnace stopped in March as others with larger capacity started, and the weekly production April 1 was 173,270 tons against 169,386 tons last year. A little 20 per cent below the greatest ever known, the output is 52 per cent larger than Oct. 1, and stocks unsold increased scarcely any, though the largest on record. The demand for nails and wire continues heavy, and in spite of large transactions in the past, structural work and rails is still fair, while there is much doing in machinery for export to Russia, Japan and South Africa. But late and most other finished products are in narrow demand, and Bessemer pig is lower at \$9.90 or less at Pittsburgh with Grey forge \$8.65 there and only \$5.75 at Birmingham.

Delay in making contracts for lake ore retards demand for products, but hard ore has begun to sell at \$2.40 for Chapin. Flatplate makers have agreed upon \$3.50 for full weight Bessemer against \$3.90 for foreign.

Woolen mills are doing a little more, though much machinery is idle, and there is scarcely any buying of qualities recently advanced. Speculation in wool turns largely to foreign, and imports of 45,114 bales the past week and 15,246 the previous week at Boston alone, have not prevented higher quotations for the better grades of domestic. Sales at the three chief markets were 9,606,000 pounds.

Failures for the week have been 207 in the United States, against 222 last year, and 30 in Canada, against 36 last year.

THE CRISIS AT HAND.

The Flood Near the Top of the Levee at Natchez—The Swift Current Straining the Lower Embankments—Washing Over at Some Points.

MEMPHIS, April 17.—Advices from Natchez and other points below Vicksburg indicate that the supreme test in the flood situation is at hand. The swift current, which is rising steadily, is battling against the levees and with such force as to cause the gravest apprehension at many places. At Natchez the river is near the top of the levee and everything possible is being done to fight back the encroaching waters.

All kinds of rumors have been current regarding wholesale loss of life on Davis island, but diligent telegraphic inquiry fails to confirm the story. It is known that three negroes were drowned on the island, but outside of these fatalities no further loss of life is known to have occurred.

At Vicksburg the river is rising at the rate of four-tenths of a foot daily. The swift volume of water pouring out of the Yazoo, at a point 12 miles north of Vicksburg, will continue for several days. The levees between Bedford Store, four miles south of Delta, La., and Ruckport, six miles above, are in a precarious condition and every man and boy available is at work strengthening the embankment. At some points in this stretch of levee the water is washing over and the greatest alarm is felt.

A more cheerful feeling exists in the delta.

Vicksburg, Miss., April 17.—The Big levee, in Madison parish, has been breached. The break was 100 feet wide in 20 minutes.

Worst Over at Omaha.

OMAHA, April 17.—The river is falling at this point and it is believed that the worst is over. The stream across the North bottoms is still discharging an immense volume of water into Cutoff lake, but the dykes across the bottom are holding well and the receding river must soon reduce the influx.

Case Against Dauntless Dismissed.

JACKSONVILLE, Fla., April 17.—The case against the steamer Dauntless, charged with violating the neutrality laws by taking a filibustering expedition to Cuba, has been dismissed.

KILLED AT HIS POST.

Bank Cashier Died Fighting to Save the Cash.

BRUTALLY MURDERED BY ROBBERS

The Thieves Thought to Have Secured About \$6,000 in Cash—Did Not Take Papers Worth \$150,000—Occurred in New Hampshire.

SOMERSWORTH, N. H., April 17.—While resisting the entry of two desperate and determined robbers, and during a heroic but futile struggle to protect \$150,000 or more in money and securities in the compartments of the open vault of the Great Falls National bank of Somersworth, Cashier Joseph A. Stickney was struck down and brutally murdered near the desk which he had occupied for years. After killing Stickney the murderers ransacked the vault and fled with all the cash it contained with the exception of a \$5 gold piece.

As near as can be estimated about \$5,000 was taken, but it is possible that the loss will considerably exceed this sum, as no one but the dead cashier knew the exact amount that was in the institution at the time. The robbers, after knocking Stickney down with a blackjack, cut his throat. The most remarkable feature of the robbery is the fact that \$100,000 in bonds of the United States, which were kept in one of the drawers of the big vault and which the robbers evidently examined hastily, were not taken. Neither was any of the negotiable paper and securities of the bank, in fact nothing is missing except the cash.

No one was aware that there was anything wrong at the bank until nearly 2 o'clock in the afternoon, or an hour after the murderous work was done. The perpetrators had ample time to escape, and this evening scores of deputy sheriffs, marshals, police and citizens are scouring this section of the state and the adjoining state of Maine, which from this city is just across the Salmon Falls river. The men made their visit to the bank at the busiest time of the day in the locality where the bank is situated, and so completely and thoroughly did they accomplish the robbery that only an uncertain clue and a very meager description of them was obtainable.

The bank was besieged by hundreds when the news of the terrible affair became known, and large numbers of people came here from surrounding cities. Had the robbers been apprehended soon after the murder and robbery became public it would have been found difficult to prevent a double lynching in the Granite state. Great sympathy is expressed for the family of the murdered man, who, in addition to his position as cashier and director of the Great Falls bank, was also treasurer.

It has always been customary for Cashier Stickney and the bank clerk, Mrs. Parker Swazey, to close the bank at 12 o'clock and not reopen it until 2. Mrs. Swazey left her desk at noon. The cashier, however, remained looking over the bank's accounts and it is thought he was preparing to go out when the robbers entered.

The first suspicion that the bank had been robbed was when Mr. Frank P. Reed found the door of the bank completely shattered. He notified City Marshal Eaton, and they broke in the door and found evidences of a desperate struggle. On the floor in a great pool of blood was the lifeless body of Stickney. His head had been nearly severed from the body, the robbers having cut his throat. The head was marked with several deep gashes, made by a heavy blackjack and the skull was fractured. The body was covered with blood and the walls and furniture bore additional evidence of the terrible deed. Stickney had died fighting desperately.

WALTHAM, Mass., April 17.—Con Hartigan, the New England ex-amateur 135 pound boxing champion, and Johnny Briggs are under arrest on suspicion of being concerned in the robbery.

MANCHESTER, N. H., April 17.—A special from Somersworth says that a well-known young man of that city is suspected of the Stickney murder. A suspect answering his description has been arrested in Milton.

Mysterious Triple Shooting.

SACKETT HARBOR, N. Y., April 17.—A rig in which George Allen, Mrs. Wilber Crouch, a divorced woman, and Miss May Daily, all employees at the United States army barracks, were out driving, returned here with the two women shot to death. Allen crawled to the barracks shot and stabbed. He will likely die. He says Crouch, the divorced husband, committed the crime, attacking them on the road. Crouch is under arrest. A revolver, belonging to Allen, with two empty chambers, was found in the buggy.

RETRIBUTION AT LAST.

A Man Suspected of Killing Women Convicted of One Murder.

PAXTON, Ills., April 17.—The jury in the trial of Frederick Hartman, who murdered Mrs. Geddes near Sibley, found Hartman guilty and stipulated the death penalty. Hartman was perfectly composed and indifferent. Hartman is believed to have killed a number of women in Illinois, Indiana and Michigan, all of whom were found murdered in much the same manner as Mrs. Geddes.

KILLED AT HIS POST.

Bank Cashier Died Fighting to
Save the Cash.

BRUTALLY MURDERED BY ROBBERS

The Thieves Thought to Have Secured
About \$6,000 in Cash—Did Not Take
Fapers Worth \$150,000—Occurred in
New Hampshire.

SOMERSWORTH, N. H., April 17.—
While resisting the entry of two de-
perate and determined robbers, and
during a heroic but futile struggle to
protect \$150,000 or more in money and
securities in the compartments of the
open vault of the Great Falls National
bank of Somersworth, Cashier Joseph
A. Stickney was struck down and
brutally murdered near the desk which he
had occupied for years. After killing
Stickney the murderers ransacked the
vault and fled with all the cash it con-
tained with the exception of a \$5 gold
piece.

As near as can be estimated about
\$5,000 was taken, but it is possible that
the loss will considerably exceed this
sum, as no one but the dead cashier
knew the exact amount that was in the
institution at the time. The robbers,
after knocking Stickney down with a
blackjack, cut his throat. The most re-
markable feature of the robbery is the
fact that \$100,000 in bonds of the
United States, which were kept in one
of the drawers of the big vault and
which the robbers evidently examined
hastily, were not taken. Neither was
any of the negotiable paper and securi-
ties of the bank, in fact nothing is miss-
ing except the cash.

No one was aware that there was
anything wrong at the bank until
nearly 2 o'clock in the afternoon, or an
hour after the murderous work was
done. The perpetrators had ample time
to escape, and this evening scores of
deputy sheriffs, marshals, police and
citizens are scouring this section of the
state and the adjoining state of Maine,
which from this city is just across the
Salmon Falls river. The men made
their visit to the bank at the busiest
time of the day in the locality where
the bank is situated, and so completely
and thoroughly did they accomplish
the robbery that only an uncertain clue
and a very meager description of them
was obtainable.

The bank was besieged by hundreds
when the news of the terrible affair be-
came known, and large numbers of
people came here from surrounding
cities. Had the robbers been appre-
hended soon after the murder and rob-
bery became public it would have been
found difficult to prevent a double
lynching in the Granite state. Great
sympathy is expressed for the family of
the murdered man, who, in addition to
his position as cashier and director of
the Great Falls bank, was also treas-
urer.

It has always been customary for
Cashier Stickney and the bank clerk,
Mrs. Parker Swazey, to close the bank
at 12 o'clock and not reopen it until 2.
Mrs. Swazey left her desk at noon.
The cashier, however, remained look-
ing over the bank's accounts and it is
thought he was preparing to go out
when the robbers entered.

The first suspicion that the bank had
been robbed was when Mr. Frank P.
Reed found the door of the bank com-
pletely shattered. He notified City
Marshal Eaton, and they broke in the
door and found evidences of a desperate
struggle. On the floor in a great pool
of blood was the lifeless body of Stick-
ney. His head had been nearly severed
from the body, the robbers having cut
his throat. The head was marked with
several deep gashes, made by a heavy
blackjack and the skull was fractured.
The body was covered with blood and
the walls and furniture bore additional
evidence of the terrible deed. Stickney
had died fighting desperately.

WALTHAM, Mass., April 17.—Con-
Hartigan, the New England ex-amateur
125 pound boxing champion and
Johnny Briggs are under arrest on
suspicion of being concerned in the
robbery.

MANCHESTER, N. H., April 17.—A
special from Somersworth says that a
suspected of the Stickney murder. A
suspect answering his description has
been arrested in Milton.

Mysterious Triple Shooting.

SACKETT, HARBOR, N. Y., April 17.—
A rig in which George Allen, Mrs. Wil-
ber Crouch, a divorced woman, and
Miss May Daily, all employees at the
United States army barracks, were out
driving, returned here with the two
women shot to death. Allen crawled to
the barracks shot and stabbed. He will
likely die. He says Crouch, the di-
vorced husband, committed the crime,
attacking them on the road. Crouch is
under arrest. A revolver, belonging to
Allen, with two empty chambers, was
found in the buggy.

murdered Mrs. Geddes near Sibley,
found Hartman guilty and stipulated
the death penalty. Hartman was per-
fectly composed and indifferent.

Hartman is believed to have killed a
number of women in Illinois, Indiana,
and Michigan, all of whom were found
murdered in much the same manner as
Mrs. Geddes.

GOOD MUSIC ON EASTER

All the Churches Have Made Preparations.

KNIGHTS TEMPLARS' SERVICES

Will Be Conducted at St. Stephen's Tomorrow Afternoon—Special Announcements For Other Congregations—Excellent Programs.

Tomorrow is Easter, the great day for Christians throughout all the world, and, as usual, it will be observed in this city by excellent sermons and good music.

An unusual event of the day will be the services of Pilgrim commandery, Knights Templars, at St. Stephen's. The commandery will meet in the Masonic rooms at 1 o'clock, and promptly at 2 o'clock the service will begin. The address, "The Knights Templars; their past achievements and present use," will be delivered by Rev. Charles O'Meara. The commandery will be in uniform.

At the First Presbyterian church the Rev. Dr. John Lloyd Lee will preach on "The Value of Christ's Resurrection," and in the evening on "Guesses in religion, or is it ever right to doubt." The music will be "Hallelujah, Christ Is Risen," Clare, by the choir; "Angels Roll the Rock Away," Hawley, Miss Everson; "Christ the Lord Is Risen," Shelley, choir; "Every Flower That Blossoms," Shelley, Miss Adams; "Easter Eve," Gounod, choir. At 6:15 the Endeavorers will also have special music, and at 9:30 a. m., the Sabbath school has the special lesson on the resurrection.

Holy communion begins Easter day at 8 o'clock at St. Stephen's, and morning prayer and sermon is announced for 10:45 o'clock. "If Not, What Then" is the subject. Sunday school service and presentation of Lenten offering in church at 3 p. m. Evening prayer and address at 7:30, subject, "Riverview cemetery on the resurrection day." All seats free at all services except the one at 2 p. m., when first pews will be reserved for the commandery. Offering at all services except the children's. There will be special services and decorations.

Evangelical Lutheran church, J. G. Reinartz, pastor—Easter services and holy communion at 10 a. m. Subject of sermon: "The significance of Christ's resurrection." Sunday school and infant baptism at 2 o'clock. A children's Easter service will take place in the evening for which a special program consisting of music and addresses has been prepared. Floral decorations will beautify the new house of worship on this joyous occasion.

The Christian church will hold services as usual at the Young Men's Christian Association auditorium. Prof. O. R. Reed will preach in the morning on "He Is Risen," and the services in the evening will be given over to the Little Mission band whose members will furnish the song service and speaking. It will be especially in the interest of the Jamaica mission.

The Rev. Dr. William Hastings will preach at the Methodist Protestant church in the morning, and in the evening on the "Downfall of Constantine." Services during the week will be as usual.

Excellent music has been arranged for the African M. E. church, a general meeting being held in the morning. There is no change in the other services.

"He Is Risen" will be the Rev. Dr. Taggart's subject at 11 o'clock at the First U. P. church. "The Way to Victory" is the theme upon which he will speak in the evening. Sunday school and Christian Endeavor at 9:45 a. m. and 6:30 p. m.

The Rev. Dr. Holmes will preach at the First M. E. church, and music will be rendered by Miss Alice Goodwin, Miss Laughlin and the quartet.

Reverend Green at the Second U. P. church will preach at 11 o'clock from the subject "Christ Is Risen" and in the evening "Purpose of Special Blessings."

ELECTION EXPENSES OF GOODE.

An Important Test Case to Be Brought by Labor Leaders.

SPRINGFIELD, O., April 17.—E. E. Calhoun, district organizer of the Typographical union and a member of the Trades and Labor assembly, states that the assembly has retained lawyers to take steps to prosecute Major John E. Goode for alleged violation of the new Garfield corrupt practices law limiting the amount a candidate for any office may spend to secure his election.

In Mr. Goode's case the limit was about \$130. His bill of expenses showed an expenditure of but \$46. The assembly claims that Goode's real expenses were about \$4,000. The case will attract great attention, as will be the first test case under this remarkable new law.

A BIG PIECE OF IRON

Was Blown Through Harker's Decorating Shop.

EMPLOYEES HAD JUST GONE HOME

Dynamite Was Used by the Water Department in Reducing a Heavy Casting to Scrap, and the Result Might Have Been Fatal.

The danger attached to using dynamite in the city limits was fully shown yesterday afternoon.

Some time ago the large iron chambers and check valves used at the pump house were replaced. The old ones were in the way, and yesterday it was determined to break them up into scrap with dynamite. The workmen proceeded all afternoon without any accident until just before 6 o'clock when an unusually heavy charge was used. The fuse was lengthened, and the employees scattered in all directions. There was a loud report and a piece of iron was thrown through the air at frightful velocity. Although the Harker decorating department was 50 feet distant, it went through a window taking sash and glass and all with it, crossed the entire length of the building and went out of another window on the opposite side, completely demolishing it and lodging in a vacant yard without injuring anyone.

Had the accident happened earlier in the evening it would have undoubtedly caused the death of one if not more persons, as the employees of the shop had been there not more than five minutes before. The course taken by the iron was in direct line with the benches of two decorators.

ITEMS OF INTEREST

Picked Up in the East End by Our Representative.

Our readers are indirectly indebted to Mr. Elmer Stevenson for the following East End items. In discussing some particulars about the new School Board and the E. L. Pottery Union with our representative he incidentally mentioned that he had been under the weather with a sore back, but had got over it and that if our "Scribe" wanted the minute details of a remarkable case, he ought to call on Mrs. Carline White, of No. 125 Railroad street. Hither he wended his way and gleaned from that lady the following: "I have taken Doan's Kidney Pills," said she "and found great relief in their use. My back has ached so long that I have forgotten when I was first troubled. I am now 70 years of age and had about given up all hope of ever being helped. I have taken medicines, but they did not prove very beneficial, but they would ache just the same in my back would ache just the same in the region of the kidneys, and got stiff and lame when sitting long or when lying in bed, sharp twinges of pain and other symptoms convinced me that my kidneys were out of order. Always on the outlook for anything that might bring relief, when I heard Doan's Kidney Pills so highly spoken of I got a box at the W. and W. Pharmacy. After using them for a short time I could plainly notice the good effect they were causing, and gradually but surely improved. I feel confident if they do so they will have no reason to regret it. I know of a number of people here in the East End that swear by Doan's Kidney Pills." Doan's Kidney Pills are for sale by all dealers. Price 50 cents per box or 6 boxes for \$2.50. Sent by mail on receipt of price by Foster-McMillan Co., Buffalo, N. Y., sole agents for the U. S.

THE SENATE COMMITTEES.

Republicans Decide to Accept the Democrats' Proposition.

WASHINGTON, April 17.—The Republican committee on committees of the senate has agreed unanimously to accept, so far as it is empowered to do so, the proposition made by the Democrats for the organization of the senate committees.

Accordingly a caucus will be held at 10 o'clock Monday morning. The proposition provides that the Republicans shall fill all the committee places which were filled by Republican senators during the last congress, including the chairmanships vacated by Republicans, and that they shall be given one additional place on the appropriations committee and the membership of the committee on postoffices and postroads shall be increased from nine to ten in order to give the Democrats an additional place on that committee.

This arrangement will result in leaving the Republican senators at the head of all the important senate committees, but a majority of the membership of many of them will be anti-Republican.

MRS. HANNA'S DEATH.

Demise of the Senators' Mother a Shock to Her Friends.

CLEVELAND, April 17.—A telegram received from Asheville, N. C., states that Mrs. S. M. Hanna, mother of Senator Hanna, has died at Asheville from pneumonia. Mrs. Hanna had only been sick about a week and was 84 years old. Her remains will be brought to Cleveland for interment.

CLEVELAND, April 17.—The death of Mrs. Hanna at Asheville, N. C., created a profound shock through her large circles of acquaintances in this city, as she had recently started for home after being only delaying her return to recover from a light attack of bronchitis.

Mrs. Hanna leaves three sons and as many daughters. The latter are Miss Lillian Hanna, Miss Colonel Pickands (nee Seville Hanna) and Mrs. Jones, formerly Mrs. George Chapin. The sons are Senator M. A. Hanna, Messrs. H. M. and L. C. Hanna.

Mrs. Hanna will be interred beside the grave of her departed husband. The funeral will be held from her late home, 736 Prospect street.

ASHEVILLE, N. C., April 17.—Mrs. Hanna died at the Kenilworth inn, Bilmore, of pneumonia. She had been in Asheville only a few days ago, visiting the kindergarten, in which she was much interested, and here death was totally unexpected here. Mrs. Hanna came to Kenilworth inn several weeks ago, accompanied by her daughter, Miss Hanna.

Senator Hanna has been summoned from Washington. The body of Mrs. Hanna will be taken to Cleveland this afternoon.

OLIVER PIKE STILL LIVES.

Ohio Man Thought to Have Been Buried Writes From California.

CHICAGO, April 17.—A letter signed by Oliver Pike, supposed victim of the Salt Lake City trunk mystery, has been received by his relatives in Fayette, O., where his body is supposed to be buried.

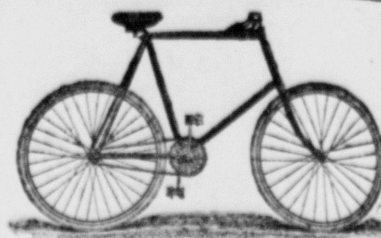

The letter, which is dated Redlands, Cal., apparently proves beyond a doubt that Pike is not dead, and makes the case a greater mystery than ever. Feb. 8, 1893, a box was shipped from Salt Lake to G. M. Morgan, 166 Jefferson street, Chicago. The box was never called for, and on March 23, 1896, was sold for storage charges.

On being opened the box was found to contain a trunk, within which was a zinc box, which contained the decomposed body of a man, who had evidently been murdered.

The body was at first thought to be that of Joanes Prosper Mazal, a well-to-do Frenchman, who had disappeared at Salt Lake about the time of the shipment of the box, but the corpse was finally identified by relatives of Pike, who had it taken to Fayette, O., for burial.

Architect Fritz

To the Public.

I would call the attention of all persons contemplating building to the fact that it will be to their interest to see me, as I have cut my charges one-half, my present price being three-fourths up to one and one-half percent, of the cost of building and in some cases a fraction more. Having many years practice in contracting, building, drawing plans and specifications, and knowing the strength of all material and work, both by theory and practice, and therefore have no need of measuring up other architects work. I can guarantee all buildings I draw plans and specifications for, and superintend, to stand the test and the walls not crack and settle out of plumb as some specimens we have in this city have done.
